- White solid phenolic seat with slip resistant finish, rounded edges and draining channels
- Frame made from 304 stainless steel
- Includes mounting screws
- Maximum load rating: 150kg

CHECK GOODS THOROUGHLY BEFORE INSTALLATION

Installation of received goods that are damaged, warped or faulty will void warranty. Ensure all items meet your requirements.

AS 1428.1
ACCESSIBLE
COMPLIANT

Installation

IMPORTANT: This shower seat must be mounted to the wall studs. Grade 201 Stainless Steel M4.8 x 50mm cross-head screws and 8mm wall plugs included.

Accessible Installation

Install the seat as per AS1428.1 Design for Access and Mobility. Position the seat as required, check levels, and spot mark the wall through the wall fixing holes. When the seat is folded down ensure that it does not cause a hazard and that its position provides access to the grab rail (see Diagram 1).

Fixing to Wall

Screw the wall mount fixing to the wall studs using the stainless-steel screws and plugs provided (see Diagram 2). When complete, check to ensure that the seat is mounted securely and is operating correctly.

Operation

The folding shower seat only requires one hand operation to manually lower the seat to a horizontal position for use, or to raise when finished. The guide bracket with spring prevents the seat from dropping and provides support for when the seat is in use, and when it is folded up for storage.

Diagram 2

All installations should be carried out by a qualified tradesman in compliance with the National Plumbing & Drainage Code and any State or Local Authority Regulations, in accordance with AS/NZS 3500 series of standards and AS/NZA 6400. All measurements are in millimetres and are subject to change without notice. For ceramic products, please allow +/- 10 mm tolerance for manufacturing variance. Please refer to fienza.com.au for the latest product specification.

Cleaning & Care

Regularly clean with mild soapy water using a microfibre cloth. In highly polluted or coastal locations, we recommend cleaning 2-3 times per week. Do not use harsh detergents, bleach, cream cleaners or citrus based cleaners. These substances are abrasive and will damage the surface. Do not use undue pressure and wipe in one direction only.

Warranties

Residential Warranty Periods

Applies to domestic uses and applications of Fienza® products, such as private dwellings and retirement villages.

Commercial Warranty Periods

Applies to commercial uses and applications of Fienza® products, including, but not limited to: commercial food premises such as restaurants; commercial accommodation such as hotels; hospitals and healthcare facilities; public amenities; and industrial, laboratory and manufacturing facilities.

Product Component	Residential	Commercial
Structure Only	5 years replacement parts or product	5 years replacement parts or product
Spare Parts	1 year replacement parts or product	1 year replacement parts or product

Warranty Conditions

- Installation has been carried out by a licensed tradesperson in accordance with all applicable Building, Plumbing and Electrical codes, and Federal, State, or Local Government Regulations in accordance with AS/NZS 3500 Plumbing & Drainage, AS/NZS 6400:2016 Water Efficient Products, and AS/NZS 3000:2007 Electrical standards for any installations to which these standards apply.
- All maintenance and adjustments to the product after the installation have been carried out by a licensed tradesperson.
- All care and cleaning instructions have been adhered to as prescribed.
- All goods of substandard quality manufacture (excluding imperfections permitted within AS1976 - Vitreous China used in Sanitary Applications) will be credited or replaced by Fienza when advised within the warranty period, subject to prior inspection and agreement.
- Proof of purchase is required for warranty claims.

Warranty Limitations

To the extent permitted under the Trade Practices Act and other relevant legislation, Fienza's liability is limited to:

- The cost of replacing the goods, or
- The cost of obtaining equivalent goods, or
- The cost of having the goods repaired.
- Fienza is not responsible for any lack of operation or performance of goods (or any loss or damage) where goods are used or adapted for use with other goods not supplied by Fienza.
- It is the responsibility of the customer and installer before installation to ensure that all components are correct and free of obvious visible faults.
- Fienza is not responsible for the labour and rectification costs incurred in the above circumstance.

Conditions for On-Site Warranty Service Calls

Fienza will charge a service fee for each visit to an installation by its technician where it is determined that the fault is due to poorly executed or unlicensed installation work or where the product is not a genuine Fienza product or where the product is outside the warranty period. This may be paid in advance by credit card over the phone to a Fienza technician attending the site and will be refunded if the Fienza product is found to be at fault.
